

## Datasheet

### GAER, GAEIR - Adjustable Jaw Strike Kits

#### Product Description

The GAE Series are EURO electric strikes suited for a wide range of projects. An ideal use would be audio video entry systems to residential flats and small businesses.

Including both a mortice plate and rim housing, the GAER and GAEIR strikes have an adjustable jaw. They have a 12Vdc or 24Vdc power input (continuous current versions available) and benefit from a robust 5-year warranty.

The MOV (metal oxide varistor) fitted inside all G Series strikes protects the system from electric spikes that can cause damage to electronic control devices.

#### Key Features

- EURO style strikes
- Fail safe or fail secure configurations
- Mortice and rim plates included
- Continuous current (CC) versions available
- Adjustable jaw
- Built-in MOV
- 12Vdc or 24Vdc

 Certification

 DEEE

**RoHS** Certification

 -15°C to 40°C

## Product Specifications

<b>Material:</b>	Powder coated steel
<b>Mounting:</b>	Rim or mortice
<b>Lock mode:</b>	Fail safe or fail secure
<b>Handed:</b>	Left and right (invertible body)
<b>Holding force:</b>	250kg
<b>Cycles tested:</b>	300,000 operations
<b>Jaw type:</b>	Adjustable
<b>Weight:</b>	320g

## Electrical Specifications

<b>Power input:</b>	12Vdc or 24Vdc
<b>Consumption:</b>	
• Fail safe:	630mA @ 12Vdc 315mA @ 24Vdc
• Fail secure:	200mA @ 12Vdc 100mA @ 24Vdc
