

Item Code – PDU6/SGE

6 Way 13 Amp Slimline Surge Protected Power Distribution Unit (PDU)

- 19" 1U Horizontal Rack Mounting Slimline PDU with Surge Protection
- Protecting sensitive electronic circuits . Max Surge 4500 Amps
- Metal oxide semi-conductors absorb any unwanted energy
- Surge protection light to indicate functionality + required earth terminal
- 3 Metres mains cable with on/off switch

Will fit all 19" Rack Cabinets. If the unit suffers a worst-case strike, then internal thermal fuses will blow, and the green light will go out to warn you that the Surge Protection longer functions . An Earth Terminal is provided and should be used to provided full safety due to the the three-way protection circuit used on Rack Mount PDUs. This differs from domestic plastic Surge Protectors which are now only allowed two-way protection in the UK (LN LE)
